ANTHOLOGY™

Distinguished etching and soft colors all in a format that is quickly becoming the most popular linear subway pattern.

This designer palette is a unique blend of tone-on-tone contrast with slight shifts of shaded color creating an excitingly different installation. From backsplash, accent wall, showers and baths, this covers neutral tones, which will subtly accent a more classic design space.

ANTHMMCF312

For a more bold accent in contemporary or commercial design spaces we also have slightly contrasting, but complementary, color combinations and field tile to coordinate.
