COLLECTION

GLASSIQUE

ANTHOLOGY™

Glassique is a unique designer look in molten glass mosaics.

This glass collection creates the image of semi-precious gemstones with colors that create highlights and give focal points to any project. Geometric shapes that have the fluidity of water and some of these gem creations even sparkle with metallic accents. This glass also is environmentally friendly, with over 30% recycled content.

ANTHGLBRL

All hand crafted, this glass will show imperfections such as wrinkles, waves, bubbles, and chipped edges, all designed to enhance your space with great character.

Application - Residential/Commercial

Presentation - Mesh Mounted

Recommended uses only apply for properly installed material according to TCNA guidelines. All information is subject to change; refer to the website for most updated information. Images were digitally enhanced; for color accuracy, please request a sample.

IMPORTANT: Installation Instructions

We recommend wet cutting or the score and snap method during the installation process. Improper installation techniques could expose installer to harmful silica dust.

Do not dry cut product using power tools during the installation process. Using dry cutting methods could present a risk of acute lung injury. If adequate ventilation cannot be achieved, wear a mask or respirator. For more information, see the SDS at **https://anthologytile.com**
